WEST BRIDGEWATER HIGH . . .

presents a challenge . . .

In Memoriam

*"Ask not what your country can do for you,
ask what you can do for your country."*

Undoubtedly, one thing which will be best remembered by our class in the years to come is the date November 22, 1963. For, on that tragic day, the man who portrayed youth and vigor was taken from our midst. It is, therefore, with this in mind that we, the Class of 1964, dedicate this page to the living memory of John Fitzgerald Kennedy.

Our modern world presents challenges unknown to men of ages past. New industry and science have created new and greater challenges, and world peace is a critical goal everyone faces.

Man must also meet personal challenges. For us now, the challenge of graduation is foremost. We realize, however, that once we venture out into the world, we will have to contend with further challenges.

As the world progresses, more and greater challenges will exist. As long as man lives, he will be challenged with meeting and fulfilling his utmost goals. To make any challenge worthwhile, we must face each one with a feeling of confidence and good will. With this in mind, all our goals will be attained and our challenges met.

And Met It

Dedicated To . . .

Mr. Frank Dunn

Mr. Dunn in a moment of relaxation.

Our school life has been filled with problems and decisions; but through the help and guidance of this devoted man, we have solved our problems with little difficulty and have been given the chance to make the right decisions. He has helped us in all situations, and we have had the assurance that he would always be there when we needed him most. It is out of this deep gratitude and respect that we, the Class of 1964, dedicate this our Climber to Mr. Frank Dunn.

Defining The Challenge...

To The Class of 1964:

Congratulations! You have achieved the first major goal of your career. May it be a stepping stone to more accomplishments in whatever you undertake.

Your success is shared by your parents, teachers, and friends. They have worked together to help you reach this stage of your journey. Call on them again. They are only too happy to be of service.

One day, they shall possibly turn to you for assistance and in this sharing of effort, you will be happy since no one can be happy unto himself.

Sincere best wishes for success and happiness. It has been a real pleasure to know and serve you.

Sincerely,
Peter J. Sperandio

ADMINISTRATION

Mr. Donald A. Fisher
Superintendent

Congratulations to the graduating class. You have completed the first twelve years of formal education. I mention the "first twelve years" to emphasize your parents and our wish that you will not limit your education to this brief period. It constitutes a good start and a foundation for additional study and learning. Take the experiences you have acquired in school and apply them to the situations and decisions you will face in the future.

Undergraduates, can you equal or better the records of the Class of 1964?

Donald A. Fisher

ENGLISH

All things of which we have na knowl-
edge present themselves as challenges. The
puprse of the English department is to
prepare the student to meet these chal-
lenges by instilling within him a knowledge
in the fields of literature, grammar, and
campasitian.

LANGUAGES

Through Latin and French the student
gains a better insight into our awn English
language. French covers many interesting
phases-conversation, grammar, reading,
and a general knowledge af France itself.
Latin gives the student a basic foundation
far all languages.

MATHEMATICS

General and related mathematics are practical courses in everyday math and provide the students with an introduction to higher mathematics. Algebra, geometry, and trigonometry enable the college preparatory students to develop a logical way of thinking and to solve problems of basic importance to man's welfare in a three-dimensional world.

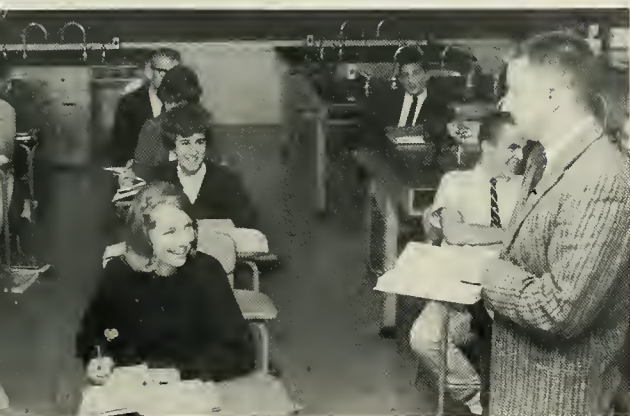

"See what happened to Chouncey because he didn't pay attention?"

SCIENCE

Biology, chemistry, and physics are courses aimed at the college-bound student. They teach us facts and laws, gained and verified by exact observation, organized experiment, and correct thinking. Earth and general science give us a basic knowledge of our universe, while physical science leads us to a practical application of our environment.

SOCIAL STUDIES

The social studies department strives to prepare students to meet future challenges. Through history we became acquainted with the years of trial and error which have produced the world as it is today. Through geography we gain an awareness of the world around us. Through problems of democracy we learn the structure of our federal government which will make us better citizens of tomorrow.

MUSIC AND ART

Music is provided for students throughout school. It acquaints them with a knowledge of the great composers and musicians as well as offering them great enjoyment in choral groups.

The art student is encouraged to create a thing of beauty on his own. There are various courses available to the student interested in this subject.

COMMERCIAL

Business education is designed to meet the common needs in the area of business and the vocational business needs of pupils who desire to prepare for employment in the field of business. The commercial department provides the clerical students with the skills necessary to become an accurate and rapid transcriber.

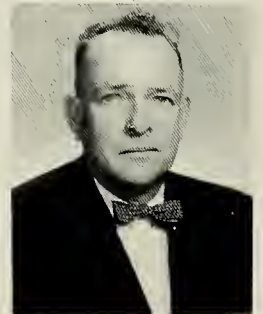

"I'm sure some college will accept you!"

"Why does everybody look so happy?"

GUIDANCE

The guidance department provides factual information and expert opinion to help students solve problems. In our modern day, high school students must make many important decisions. The guidance department helps the student to decide which is best for him. It also acts as a guide for students seeking job opportunities and higher education.

HOME ECONOMICS

Home economics is a course designed to train girls in food preparation, meal planning, budgeting, good grooming, fashion design, cooking, and sewing. These basic fundamental skills acquaint the girls with a knowledge of these fields which will prepare them for future roles as citizens, housewives, and mothers.

Mr. Gerard E. Hurley

INDUSTRIAL ARTS

The industrial arts course provides students with a basic knowledge of woodworking, metal working, and printing. The purpose of this course is to teach boys to use their hands to create a useful and worthwhile object. The foundation for these skills is laid in junior high, and perfection and specialization are attained in the remaining four years of high school.

PHYSICAL EDUCATION

"Yes, YOU!"

"The Basa Nova?"

. . The Challenges Ahead

Physical Education provides the student with a chance for acquiring new skills in sports as well as improving those which he previously had. Good sportsmanship, correct procedures, and teamwork all play an important part in

the Physical Education program. This year the program has been increased so that each student will have a better chance to develop his abilities even further.

All Classes Represented On Council

Mr. Thomas Peters

The purpose of the Student Council is to aid and increase school spirit and serve as a representative governing body. This year it is engaged in a major attempt to integrate the past with the present and future. The Council is trying to improve its service as a mediator and sounding board between the students and the administration.

NATIONAL HONOR SOCIETY

The National Honor Society is an organization which gives recognition to those students outstanding in Scholarship, Character, Service, and Leadership. In addition to those qualities, a candidate must maintain a cumulative average of 85. The members make various trips of a cultural nature to museums, concerts, and historical buildings. The members also raise funds for an annual scholarship.

First row: D. Leighton, M. Manugian, C. Cross. **Second row:** S. Swanson, C. Grant, C. Slapik, M. Surgens, B. Horton.

CLIMBER STAFF

The Climber staff has been very busy this year working with "The Challenge." The yearbook itself has been a great challenge to those involved and has required many hours of their time. A great deal of effort and diligent work on the part of the whole staff has enabled this challenge to be met. Because the staff is small, members have had to work on both the editorial and business staffs. This involves quite a bit of extra effort; but with the help of our advisers, our efforts have not been in vain.

THE SENIORS PRESENT . . .

This year's Senior class play was a production of "Mr. Barry's Etchings," a three act comedy presented on December 13th and 14th. The story was about Judson Barry and his prize etchings-counterfeit fifty dollar bills. Bored with

"You two are nothing but the village idiots . . ."

making posters and handbills, Jud designed and ran off thousands of these counterfeit fifties and found himself involved with real counterfeiters and the F.B.I.

FOOTBALL '63

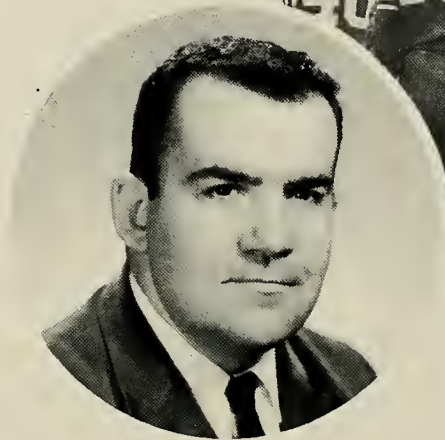

The 1963 football season for the Wildcots was a good one although it could have been better if injuries hadn't plagued the team throughout the season. As a result, the team was small but full of spirit and did well for its size and limitations. A very powerful line as well as a fine backfield added to the strength of the team. We hope next season will be a better one.

BASKETBALL

The Varsity Wildcats once again enjoyed a very successful season. Led by small, ball-hawking backcourt men, Westies moved to the division leadership, South Shore finals and Tech Tourney quarter-finals at Needham.

The strong work of the big boys under the boards went a long way in providing the defensive power so necessary for the winning season.

The impressive sixteen-seven record is an excellent example of the performance of the 1963-64 squad.

FOOTBALL

The purpose of Junior High football is to give the seventh and eighth graders a basic knowledge of the sport. This squad compiled a very respectable 4 and 1 record, its only loss coming at the hands of a determined Marshfield team the last game of the season.

BASKETBALL

For the first time in many, many years, a Junior High basketball team has had an undefeated season. This year's squad had an amazing 13-0 season which included the Class A championship of the Annual Grammar School Tournament in Taunton wherein three trophies were garnered.

Interest In Field Events Develops Rapidly

For the first time in the school's history, West Bridgewater High participated in the South Shore Cross Country League. Even though the Westies were on the wrong end of the score in many meets, much valuable experience was gained by the younger members of the squad.

Although the squad will lose some good men by graduation, a strong nucleus is returning next year in attempt to boost the school's prestige in this fall sport.

The Freshman Class

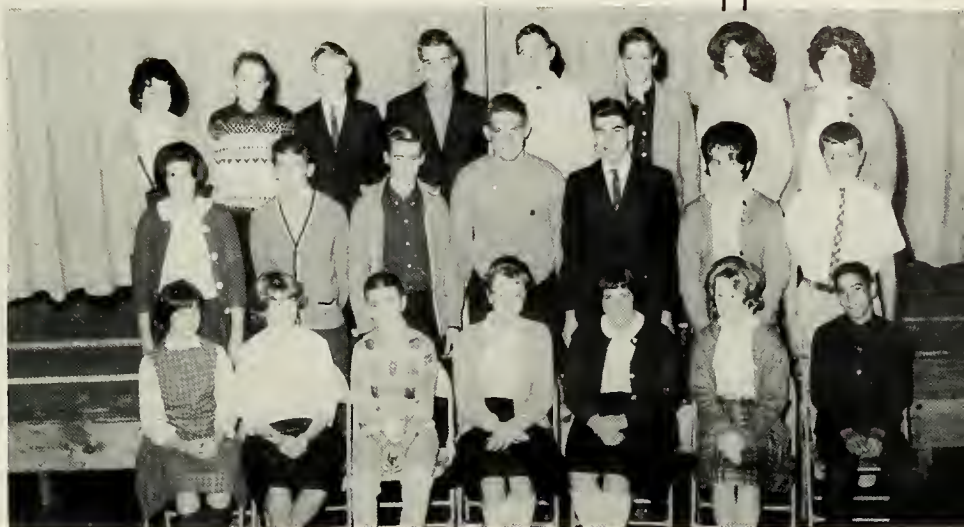

In our quest to reach the third plateau, we are aware that this is, in fact, a new beginning—a new kind of experience wherein we are now considered high school students. Here, our future endeavors will be conditioned by our willingness to accept and overcome the ever-increasing challenges which line our path. These must be met with renewed strength, vigor, and determination.

Looking Ahead ...

Our primary goal has finally been attained. However, at this point our education is now sufficient enough to make us realize that this is only the beginning. Now we must strive to overcome the really difficult challenges ahead. For some, the continuation of the educational process is the next step; for others, the next objective is earning a living. To overcome these challenges a good foundation is needed, and it is this which our high school years have prepared us for. It is up to us to prove to ourselves and our fellowmen that we are ready to face these challenges.

THE GRADUATING CLASS OF 1964 SINCERELY THANKS . . .

Mr. Robert Vantine of the Delmar Printing Company for his many suggestions and constant help in the lay out of our Climber.

Vantine Studios for the time they willingly spent taking our photographs.

Mr. Sperandio, our principal, and Mr. Fisher, our superintendent, for their cooperation in allowing us the time and material to meet the requirements of the publication.

The faculty of West Bridgewater High School for their support and willingness to render help.

The townspeople who gave so generously in order that we might make this publication possible.

West Bridgewater High School for the memories that will linger throughout our lives.
